# Indulge in “the most fun yet competitive” golf tournament you have ever played!

**5 Days Of Suspense And Laughter**

**Fantastic Prizes**

**Live Online Leaderboards**

**The Most Fun You Will Ever Have  
On And Off The Golf Course!**

## The Jolly Story

The Jolly Golf Series was founded in the early 1990's by a group of jolly expatriates in Hong Kong who loved their golf, their beer, and the thrill of serious golf competition. The Jolly has found its way to Niseko Japan and lives on as the Jolly Fox, played across some of Niseko's most stunning golf courses.

Coined "The US Open of Niseko" due to the competitive spirit developed amongst the players, the Jolly Fox Niseko is four sensational days of extreme fun. It's like a fantasy pro tournament with online leaderboards and highly competitive play, no matter whether you are a high handicapper or a low handicapper.

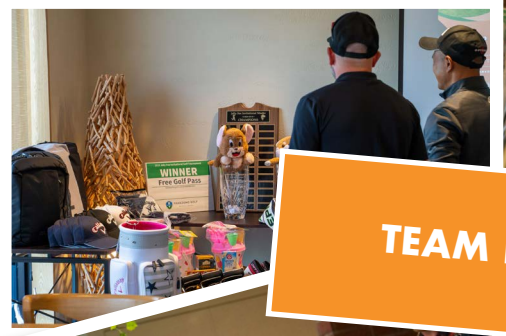

The Jolly Fox is a 36 player, two-man team, three-round golf tournament, which emphasizes teamwork between a Fox (low-handicapper) and a Mouse (high-handicapper). It is a true test of skill, patience and endurance both on and off the course.

## The Itinerary

The event starts with the highly entertaining team draw, followed by three rounds of golf over three days at Niseko's most picturesque courses; **Niseko Village Golf Course** and **Hanazono Golf Course**. The competition culminates in the crowning of the winning team at the Gala Awards Dinner.

# Itinerary

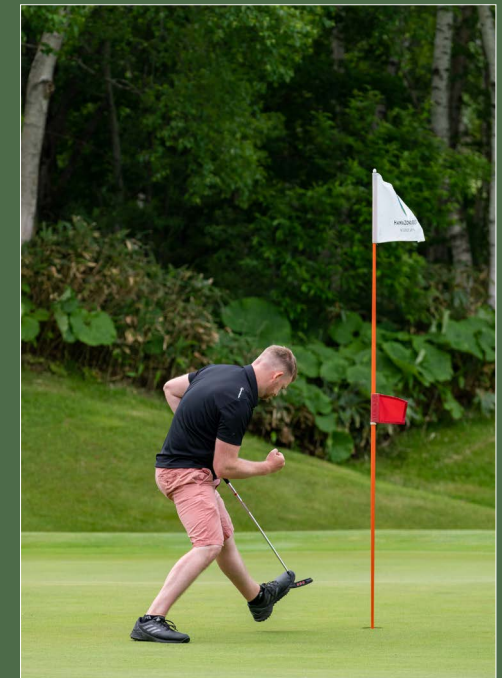

## Sept 29 - Arrivals and Team Draw Opening Dinner

The experience starts out with a bang at the high energy team draw. Each Fox will randomly draw his or her Mouse and they will form the team that competes over the 54 holes. After the draw, each team will be auctioned to the highest bidder. Stories will be regaled about the players and their golf history in an attempt to raise the value of each team.

## Sept 30 - Practice Round @Hanazono Golf

## Oct 1 - Round 1 (Best Ball) @Niseko Village Golf Course

Fox and Mouse each play their own ball. 90% of each player's handicap is used to determine handicap strokes he will receive (all fractions rounded). The team takes the better net score on each hole for the team's score on that hole. Each player's net score must be used at least six times.

## Oct 2 - Round 2 (Team Scramble) @Hanazono Golf

Both Fox and Mouse tee off on each hole. Teams choose one of the two drives and then both players hit successive shots, each time choosing the better result to play for the next shot until the ball is holed. 20% of the team's combined handicap is used to determine team handicap strokes received (fractions rounded). Each player's drive must be used at least three times on each nine holes.

## Oct 3 - Round 3 (Alternate Shot) @Hanazono Golf And Gala Dinner

Both Fox and Mouse tee off on each hole. Teams choose one of the two drives and then players alternate shots until the ball is holed. 50% of the team's combined handicap is used to determine team handicap strokes received (fractions rounded). Each player's drive must be used at least three times on each nine holes. Celebrate the crowning of the champion with a Gala Dinner. Opportunity to turn it into an annual tradition where each year your group of friends compete to be crowned the Champion.

## Optional

- Day 6 at Hokkaido Classic - The #1 ranked course in Hokkaido and #8 ranked course in Japan by Golf Digest Magazine.
  - Its designer Jack Nicklaus commented, "the golf course was designed based on the image of my hometown's Muirfield Village". This course with its perfect mixture of natural landscape and strategic elements has since been evaluated as one of Nicklaus's greatest works to date.

# Golf In Hokkaido

Home to several stunning courses, Hokkaido is the mecca for golf in the north of Japan. There is a wonderful variety of terrain to play and each course boasts breathtaking views of the surrounding mountains. The world class course quality combined with the comfortable summer temperatures make Hokkaido the best choice for an international golfing trip.

# SUMMER IN NISEKO

**Golf isn't the only thing on the summer calendar here in Niseko. When the snow melts and the vibrant greenery awakens this landscape comes alive.**

## FAMILY

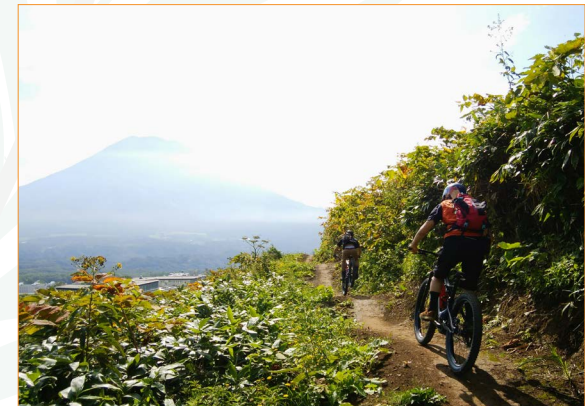

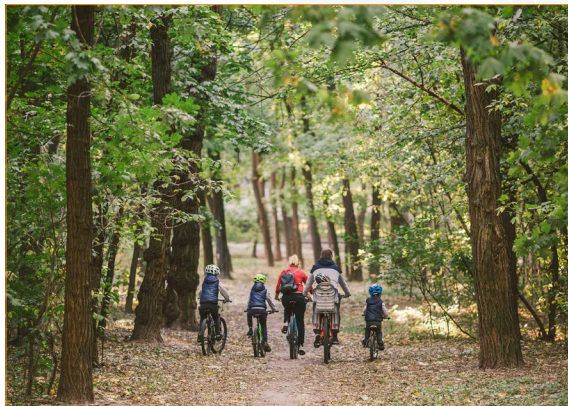

There is no better place than Niseko to spend a summer as a family. The north island of Japan is extremely safe with long days, a temperate climate and vast open spaces. Accommodations are designed around the family group with numerous bedrooms, inviting dining and living spaces and outdoor entertaining areas so you can enjoy the amazing natural feeling of Niseko while you connect over a traditional Japanese BBQ.

## CUISINE

Hokkaido revolves around food during the summer months. The fertile farmlands and bountiful seas are responsible for some of the most delectable produce in Japan. Marry this spectacular fare with the best culinary minds from around the world and you get sizzling results. Chefs draw inspiration from the surrounding landscape and create brilliant dishes with seasonal, fresh picked produce. 'Farm to Table' is nothing new in Hokkaido.

# SUMMER IN NISEKO

**A summer wonderland with world class cuisine, stunning scenery, amazing activities as well as a diverse range of spiritual and relaxing experiences.**

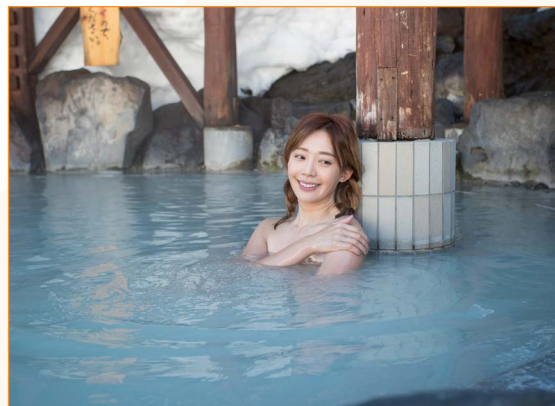

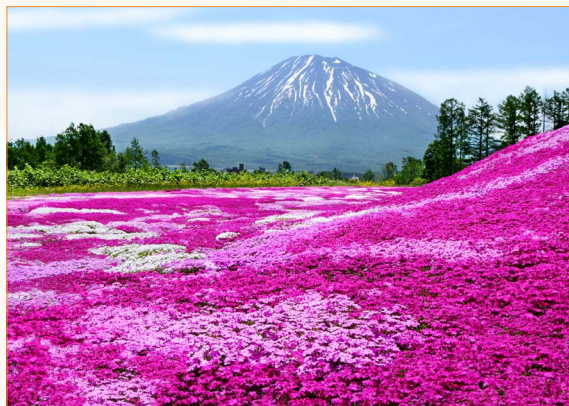

## ADVENTURE

Embrace the amazing outdoor action in Niseko. There are no shortage of things to do; from the slow and serene to the all out adrenaline rush. There is cycling along picturesque roads, mountain biking down rugged trails, hiking in nature, fly fishing in crystal clear rivers, scenic gondola rides with stunning views, white water rafting, stand up paddle boarding and more. The choice is yours.

## RELAXATION

The Japanese have long understood the benefits of relaxation, the healing powers of mineral onsens in particular. The Niseko region has numerous onsens dotted around the mountain landscape, each with their own special soothing properties. If yoga is your thing there are great options both indoor and outdoor to strengthen and stretch those muscles and spa treatments to restore balance and vitality.
